

TOBAR – ART & COCKTAILS

From 6 pm to 2 am, guests can enjoy Tobar, our lively bar! A creation by acclaimed architect Pierre Yves Rochon, Tobar sits within the open space of the lobby area with its back turned to the bustling avenue outdoors. Its unique interior with retro decor and vivid murals by distinguished painter Stelios Faitakis never cease to impress! A final touch to the revitalization of our lobby are the four sculptures, Rings of Life by Phrodite Liti. Depicting the four seasons, this superb work of art ultimately showcases the Athenaeum InterContinental Athens' affinity to art, from its lobby and through to its rooms.
